## CPD webinar

# GPs & Cardiology: Aortic Stenosis & TAVI Discussion

**Wednesday 16 August 2023  
7:00pm – 8:30pm (AEST)**

Echocardiography is a commonly used tool by cardiologists and is a commonly referred investigation to a cardiology clinic. This meeting is to demystify a cardiology report and help general practitioners understand who should be referred for an echo and what findings in an echo study are important for a general practitioner to take note of. During this presentation interesting echoes will be shown the group.

Transcatheter aortic valve replacement is a new and vital procedure that will start at National Capital Private Hospital. The meeting will look at patients that may be suitable for TAVI and what can be expected during a TAVI procedure

### Presenters

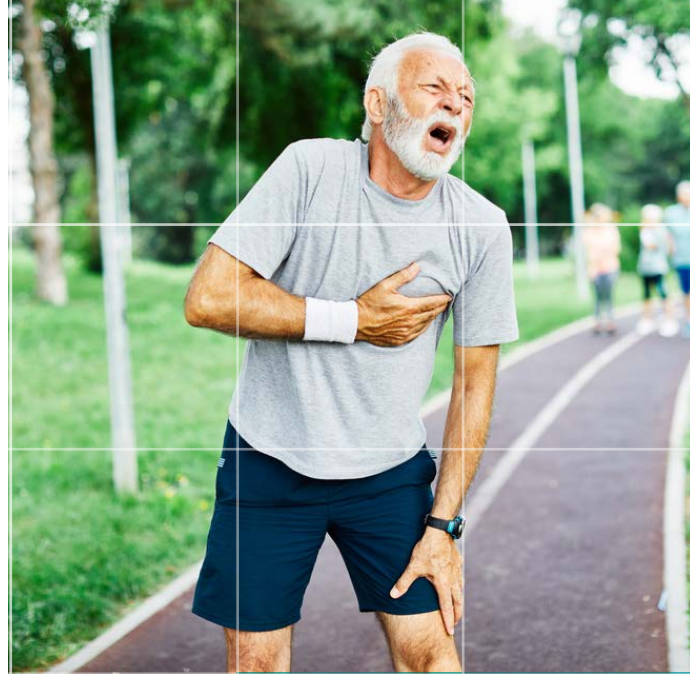

**Dr Christopher Allada**  
Interventional Cardiologist

**Dr Ahmad Farshid,**  
Interventional Cardiologist

**Dr Kris Nowakowski**  
Imaging Cardiologist
